Dear Mrs. Edsall and Mr. Noone,

On a warm September day four years ago, we walked into Melrose High , each of us experiencing a unique mix of fear, excitement and a newfound sense of maturity. The days of hanging out on the Common and eating slush were behind us, quickly replaced with iced coffee and Bagel World. However, one look at the streams of upperclassmen coming from the Knoll, each of whom seemed at least seven feet tall, put us firmly back in our place.

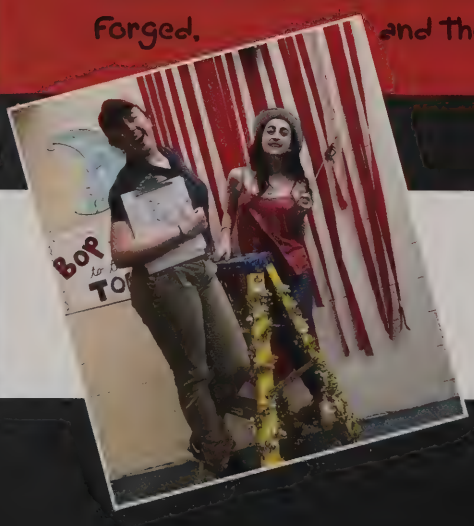
Even so, we each charged forth with dreams of varsity basketball buzzer beaters, starring roles in plays, and speeches delivered to the entire class. We can assure you, that whatever your dreams were, we watched you achieve them, and we know that none of it would have been possible without the help of our many advisors.

Mr. Noone, email proffesional, die-hard hockey boy, and meme-lord, just to name a few titles; we are so grateful for your steadfast guidance. Your calm demeanor has guided us through many crises, namely the Halloween Dance and Junior Prom ticket sales. You made some kick-butt Excel sheets and even better puns. We are forever thankful for your continued support and friendship, and we'll never pass a pack of stickers without thinking of you.

Ms. Edsall, where to begin? Your easy Oregon smile proved an endless comfort in times where it really felt like our hearts couldn't go on. More than fifty-two weeks of choices, you helped us make two hundred eight weeks of choices shape our lives for the better. You guided us from the comfort of your bean bag, to the dance floor of the Black Swan, and we know you will continue to guide us well beyond the stage built for June 2nd on Fred Green Memorial Field. You never minced your words. You are the one who gave us the sense of maturity we wanted freshman year. You brought us into our own, and we are eternally grateful for your love and direction.

As we move into our futures, we take with us Ms. Edsall's warmth, Mr. Noone's humor, and countless other things we have learned from each other. From those who have been there from the very beginning to those who joined us on the way, we cannot thank you enough for your patience, for your support, and for buying us all those munchkins.

Class of 2017, we cannot wait to see where the knowledge you gained, the connections you've forged, and the memories you've made take you! And, we will be there to support you in all the places you'll go!



Congratulations & Good Luck CLASS OF 2017!

Love,

Rachel Freed, President 2013-2017

Ali Butts, Vice President 2015- 2017

In the words of David McCullough, Jr. - "Climb the mountain not to plant your flag, but to embrace the challenge, enjoy the air and behold the view. Climb it so you can see the world, not so the world can see you. Go to Paris to be in Paris, not to cross it off your list and congratulate yourself for being worldly. Exercise free will and creative, independent thought not for the satisfactions they will bring you, but for the good they will do others, the rest of the 6.8 billion and those who will follow them. And then you too will discover the great and curious truth of the human experience is that selflessness is the best thing you can do for yourself. The sweetest joys of life, then, come only with the recognition that you're not special. Because everyone is."

But you are very special to us! Love you, Rachey. Dad, Mom, Lauren, Dan and Buster.
